PROMPT:

Create a **one-page modern and professional resume** using the following details. Use a clean, minimalist layout with clear section headings, proper spacing, and a well-structured format suitable for an entry-level Mechanical Engineering student.

Name: Xy Zedric D. Sajenes
Email: xsajenes@addu.edu.ph
Phone: 0961 855 8454

Objective:
Motivated Mechanical Engineering student seeking opportunities to apply technical drawing and AutoCAD skills while gaining hands-on experience in engineering and design.

Education:
Bachelor of Science in Mechanical Engineering
Ateneo de Davao University
2024 – Present

High School – STEM (Science, Technology, Engineering, and Mathematics)
Davao City National High School (DCNHS)
F. Torres St, Poblacion District, Davao City, 8000 Davao del Sur
2018 – 2024

Elementary
Davao Christian High School (DCHS)
V. Mapa St, Poblacion District, Davao City, 8000 Davao del Sur
2012 – 2018

Skills:

- Technical Drawing and Drafting
- AutoCAD (Basic to Intermediate)
- Basic Machining Skills
- Team Collaboration
- Ability to Work Under Pressure
- Attention to Detail

Projects/Experience:

- Completed modern technical drawing projects demonstrating precision and accuracy
- Produced basic AutoCAD designs and layouts
- Performed machining of basic objects in a machine shop setting
- Applied drafting principles in school-based technical projects

Formatting Instructions:

- Keep it one page only
- Use a modern, minimalist design
- Emphasize readability and professionalism
- Use bold headings and consistent spacing
- Make it suitable for internship or entry-level job applications

Outputs:

LLM #1 - Perplexity AI

Xy Zedric D. Sajenes

Mechanical Engineering Student

Email | 0961 855 8454 | Davao City, Philippines

Professional Objective

Motivated Mechanical Engineering student seeking opportunities to apply technical drawing and AutoCAD skills while gaining hands-on experience in engineering and design.

Education

Bachelor of Science in Mechanical Engineering

Ateneo de Davao University, Davao City
2024 – Present

High School – STEM (Science, Technology, Engineering, and Mathematics)

Davao City National High School (DCNHS), F. Torres St., Poblacion District, Davao City, 8000 Davao del Sur
2018 – 2024

Elementary Education

Davao Christian High School (DCHS), V. Mapa St., Poblacion District, Davao City, 8000 Davao del Sur
2012 – 2018

Skills

- Technical Drawing and Drafting
- AutoCAD (Basic to Intermediate)
- Basic Machining Skills
- Team Collaboration
- Ability to Work Under Pressure
- Attention to Detail

Projects & Experience

- Completed modern technical drawing projects demonstrating precision and accuracy.
- Produced basic AutoCAD designs and layouts.
- Performed machining of basic objects in a machine shop setting.
- Applied drafting principles in school-based technical projects.

LLM #2 - Claude AI

XY ZEDRIC D. SAJENES

xsajenes@addu.edu.ph | 0961 855 8454 | Davao City, Philippines

OBJECTIVE

Motivated Mechanical Engineering student seeking opportunities to apply technical drawing and AutoCAD skills while gaining hands-on experience in engineering and design.

EDUCATION

Bachelor of Science in Mechanical Engineering *2024 – Present*
Ateneo de Davao University

High School – STEM Track *2018 – 2024*
Davao City National High School (DCNHS)
F. Torres St, Poblacion District, Davao City, 8000 Davao del Sur

Elementary *2012 – 2018*
Davao Christian High School (DCHS)
V. Mapa St, Poblacion District, Davao City, 8000 Davao del Sur

SKILLS

- Technical Drawing and Drafting
- AutoCAD (Basic to Intermediate)
- Basic Machining Skills
- Team Collaboration
- Ability to Work Under Pressure
- Attention to Detail

PROJECTS & EXPERIENCE

- Completed modern technical drawing projects demonstrating precision and accuracy.
- Produced basic AutoCAD designs and layouts.
- Performed machining of basic objects in a machine shop setting.
- Applied drafting principles in school-based technical projects.

Mechanical Engineering Student • Ateneo de Davao University

Comparison:

Criteria	LLM #2 - Claude AI	LLM #1 - Perplexity AI

Creativity & Enhancement	**Superior.** Uses visual anchors like arrow bullets (►) and distinct header capitalization to create a modern "tech-forward" feel.	**Basic.** Follows a standard, conservative format that lacks visual flair or unique branding .
Formatting & Structure	**Dynamic.** Uses a segmented approach that breaks up the page, making it look more like a modern digital portfolio than a typed document.	**Static.** A very vertical, top-down structure that can feel "crowded" if the content grows .
Content Completeness	**Comprehensive.** Captures all required details and adds a final summary tag at the bottom for quick identification .	**Standard.** Provides the necessary info but doesn't reiterate the candidate's core identity at the end of the page .
Professional Tone	**Modern Professional.** Evokes the look of a contemporary startup or a tech-heavy engineering firm through its layout .	**Traditional Professional.** Better suited for old-school corporate environments, but potentially "forgettable" .
Clarity & Conciseness	**High Impact.** Uses white space and symbols to separate ideas, allowing a recruiter to "scan" rather than "read".	**Dense.** Relies heavily on text blocks which can be harder to skim during a quick 6-second resume review .

Reflection:

After reviewing the laboratory outputs, I found that Claude AI (LLM #2) provided a more engaging and modern resume by utilizing creative visual elements like bold headers and arrow bullets. I believe this higher level of creativity makes the document stand out more than Perplexity AI's (LLM #1) functional but basic design. While the structure was unconventional, I appreciated the attempt to guide the reader's eye using visual cues. Even though some details were separated, the overall look felt more tailored for a candidate wanting to show personality in a modern job market. In my view, Claude's output offers a unique aesthetic that helps differentiate an entry-level student from a sea of standard, minimalist applications.
